TOTAL RECOVERY AND RECONSTRUCTION NEEDS (US\$ BILLION)

Source: RDNA2. Needs relate to total estimated needs covering the period 2023–2033.

- Recovery and reconstruction estimates integrated **green, resilient, and inclusive reconstruction** measures and consider prevailing challenges with labor and material costs and “surge” pricing
- **Transport makes up 22 percent of total needs** (US\$92.1 billion), subject to assumptions about the configuration of Ukraine’s transport networks during reconstruction
- **Housing makes up 17 percent of total needs** (US\$68.6 billion)
- **Energy makes up 11 percent of total needs** (US\$47 billion)
- **Social protection and livelihoods equals 10 percent of the total needs** (US\$41.8 billion), including social benefits and services, payments to IDPs and the newly impoverished
- **Explosive hazards management (humanitarian demining)** makes up 9 percent (US\$37.6 billion), due to massive urban, agricultural and forestry areas contaminated by land mines and explosive remnants of war
